34. Read the given source and answer the questions that follow : **4**

Pages of Gutenberg's Bible, the first printed book in Europe.

Gutenberg printed about 180 copies, of which no more than 50 have survived.

Look at these pages of Gutenberg's Bible carefully. They were not just products of new technology. The text was printed in the new Gutenberg press with metal type, but the borders were carefully designed, painted and illuminated by hand by artists. No two copies were the same. Every page of each copy was different. Even when two copies look similar, a careful comparison will reveal differences. Elites everywhere preferred this lack of uniformity: what they possessed then could be claimed as unique, for no one else owned a copy that was exactly the same.

In the text you will notice the use of colour within the letters in various places. This had two functions : it added colour to the page, and highlighted all the holy words to emphasise their significance. But the colour on every page of the text was added by hand. Gutenberg printed the text in black, leaving spaces where the colour could be filled in later.

- (34.1) Mention the contribution of Gutenberg in the field of printing. **1**
- (34.2) How were the books borders painted and illuminated ? **1**
- (34.3) Describe any two benefits of colouring in the letters. **2**

35. Read the given source and answer the questions that follow : 4

Primitive Subsistence Farming

It is a 'slash and burn' agriculture. Farmers clear a patch of land and produce cereals and other food crops to sustain their family. When the soil fertility decreases, the farmers shift and clear a fresh patch of land for cultivation. This type of shifting allows Nature to replenish the fertility of the soil through natural processes; land productivity in this type of agriculture is low as the farmer does not use fertilisers or other modern inputs. It is known by different names in different parts of the country.

It is *jhumming* in north-eastern states like Assam, Meghalaya, Mizoram and Nagaland; Pamlou in Manipur, Dipa in Bastar district of Chhattisgarh, and in Andaman and Nicobar Islands.

- (35.1) 'Slash and Burn' system of agriculture comes under which type of farming ? 1
- (35.2) Why is productivity low in 'Slash and Burn' system ? 1
- (35.3) Describe any two features of 'Slash and Burn' system of agriculture. 2

State Reorganisation Commission

"The report of the States Reorganisation Commission (SRC), was implemented on November 1, 1956. This, in its own time and own way, has also transformed the political and institutional life of the nation. ... Gandhi and other leaders promised their followers that when freedom came, the new nation would be based on a new set of provinces, these based on the principle of language. However, when India was finally free in 1947, it was also divided...

Far from undermining Indian unity, linguistic states have helped strengthen it. It has proved to be perfectly consistent to be Kannadiga and Indian, Bengali and Indian, Tamil and Indian, Gujarati and Indian. To be sure, these states based on language sometimes quarrel with one another.

- (36.1) What promise did Gandhiji make to his followers ? 1
- (36.2) How did language strengthen the unity of India ? 1
- (36.3) Mention the names of major language of Kerala and Andhra Pradesh states. 2
